

# EASY INSTALLATION OF YOUR SAGEM FREESAT+ RECORDER

Bringing you easy HD

## 1. Connecting the box to the TV and the Satellite Dish

**Step 1** – Plug the satellite dish cables into the SAT input connectors on the back of the box

**Please note:** To be able to watch a channel and record another one at the same time, you have to plug 2 SAT dish cables into the 2 SAT input connectors. Please speak to your installer for further information

**Step 2** – Plug the scart or HDMI cable into the back of your box

**Step 3** – Connect the scart or HDMI cable into the back of your television

**Step 4** – Connect the power cable into the 12V connector on the receiver and then plug into the wall socket

## 2. Connecting to your Home Cinema Equipment

**Step 1** – Your Sagem freesat recorder can be connected to your home cinema system. Use the audio connections at the rear to connect

## 3. Setting up freesat+

**Step 1** – Switch on your TV

**Step 2** – Switch on the Sagem box by pressing the on/button

**Step 3** – An initial installation screen will appear Press **OK** to start the installation

**Step 4** – The recorder will search for the satellite signal

**Step 5** – Enter the full postcode (without any spaces) using the alphanumeric keys on the remote control for example to enter the letter S, press the keypad number 7 four times

Use the **Back** key to delete and correct characters

Press **OK** to continue

**Step 6** – Follow the onscreen instructions to personalise the box to your needs

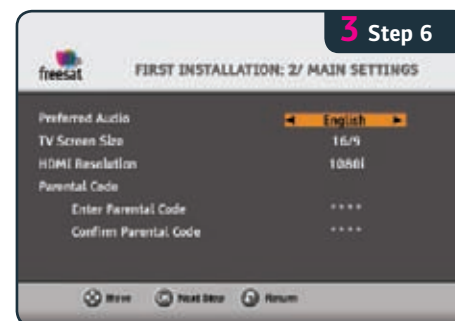

**Preferred Audio:** Select your audio language

**TV screen size:** 16:9 or 4:3

**HDMI Resolution:** 1080i, 576p or 720p

**Parental code:** Set a parental control code of your choice (default code is 0000)

**Step 7** – The box will automatically start searching for channels

Your box is now set up to start enjoying freesat+
